Terms and condition

Color availability is subject to current stock and may vary at the time of order confirmation.

Final pricing is determined based on the design complexity, chosen color, fabric quality, and total order quantity.

In case of any issues or errors, we ensure an instant resolution to avoid delays. A thorough investigation will follow, and responsibility will be assigned accordingly.

Please note: Product images are for reference purposes only—actual merchandise colors may vary slightly due to fabric dyeing and screen display differences.

FAQs

1. What is the minimum order quantity (MOQ) for bulk orders?

There's no strict MOQ at TrendyDice. We cater to both small teams and large-scale requirements with flexible order sizes.

2. What fabrics do you use, and are they print-friendly?

We primarily use 100% cotton (bio-washed), poly-cotton blends, and 100% polyester — all optimized for high-quality DTG, DTF, screen printing, and sublimation. Need something specific? We also offer custom fabric sourcing.

3. How long does it take to deliver a bulk customized order?

Delivery timelines vary based on customization. Plain stock orders can be shipped in as little as 4 hours, while fully customized bulk orders may take up to 15 days. We balance speed with quality at every step.

4. Do you provide support for sample orders before bulk confirmation?

Yes, we offer paid sample orders so you can check fabric, fit, and print quality before going bulk. We can send individual pieces or curated sample kits based on your needs.

5. What quality control measures do you have in place?

Our multi-stage QC process covers fabric inspection, print validation, stitching accuracy, and packaging checks. Every order is reviewed by a dedicated QC team to ensure consistency and reliability.

6. Do you offer pan-India delivery?

Yes, we deliver across India — from metros to remote campuses. Our logistics partners ensure safe, on-time delivery to your doorstep, no matter where you're located.

7. Can we get size-wise packing for easy distribution?

Absolutely. All bulk orders are packed **size-wise and labeled**, so your distribution is quick, organized, and hassle-free — no need to sort manually.
